- 3.2 Conduct deep cleaning of galley and scullery area identified in 1.3.3. Clean tiled decks, clean insides of ovens, outside of all installed equipment, steam kettle inside, bulkheads, and overheads leaving no residue, debris, foreign matter or injurious effects.
- 3.3 Conduct deep cleaning of the Head areas identified in 1.3.4. Clean toilets, stall partitions, sinks, mirrors, counters, shower stalls, bulkheads, and overheads leaving no residue, debris, foreign matter or injurious effects, this includes lime scale and soap scum.
- 3.4 Provide written report of "List of Space Cleaned" within 4 working days of the conclusion of the visit to the Government Technical POC.
4. GOVERNMENT FURNISHED:
- 4.1 MATERIAL (GFM): None.
- 4.2 EQUIPMENT (GFE): None.
- 4.3 SERVICE: None.
5. NOTE:
- 5.1 The Government POC:
- | Technical POC | Contracting POC |
|---|-----------------|
| Name: Dr. Willis Wainwright
Title: Project Manager
Command/Ship: SRF JRMC DET Sasebo
TEL: 0956-50-6788
E-Mail: Willis.Wainwright@srf.navy.mil | |
- 5.1.1 Only the Government Technical POC has authority to coordinate schedule with the contractor within terms and conditions of this contract. The Government Technical POC will coordinate base access and provide escorts for the contractor if escorts are required for personnel entering, departing, and working in required areas.
- 5.1.2 Only the Contracting Officer and/or designated Contracting POC have authority to change any terms and conditions of this contract. Report any conditions, discrepancies, and/or finding to the Contracting POC via the Government Technical POC.
6. GENERAL INFORMATION:
- 6.1 Nothing contained in the statement of work shall relieve the Contractor from complying with applicable Federal, state, and local laws, codes, ordinances, and regulations, including the obtaining of licenses and permits that may be required for the Contractor or Subcontractor(s) to perform a particular function, such as hazardous waste handling or disposal, or example.
- 6.2 Medical treatment. Government emergency vehicles and medical personnel shall only be used in emergency situations affecting contractor personnel whose life may be in danger or who are seriously injured. Government facilities may be used in these instances as the first point of treatment. Transfer to a non-Government medical treatment facility shall be made as soon as possible and as determined by attending medical authorities.

7. CONTRACTOR IN THE WORKPLACE:

- 7.1 All e-mail addresses used by contractor personnel shall identify the company name.
- 7.2 All contractor correspondence shall be clearly marked with company name or letterhead.
- 7.3 Contractor personnel shall insure that when answering telephones that they identify themselves as contractor personnel.

8. RESTRICTIONS:

- 8.1 **Parking**
Vehicles and equipment required by the Contractor to complete this contract must be registered with Security. Forms for obtaining vehicle passes and permits may be obtained from the Receiving Activity Point of Contact. Parking is available at or near the work site or at other authorized areas on the station. Contractor vehicles must be marked on the outside with the company name or logo or both. Failure not to comply may result in ticketing and/or loss of vehicle privileges.
- 8.2 **Restricted Colors**
Naval activities use the colors magenta and yellow to identify specially controlled materials. The contractor is specifically prohibited from using magenta and yellow colored plastic wrapping materials or bags, tape, or other covering materials.
- 8.3 **Radio Restrictions**
Operation of privately owned citizens band or amateur radio equipment (receive and transmit) within the geographic limits of the activity is prohibited. All radio equipment installed in privately owned motor vehicles must be turned off upon entering the premises.
- 8.4 **Privately Owned Personal Computers and Cellular Telephones**
The use of privately owned personal computers and cellular telephones by contractor personnel while on Naval Installations is restricted. Contractors requiring such devices in the performance of this contract shall obtain a copy of the applicable parts of naval instruction from the Contracting Officer.
- 8.5 **Photography/Recording**
Contractor personnel are prohibited from having photographic equipment, tape recorders, or other recording devices in their possession while inside the Operations Area (OA).

9. SAFETY AND ENVIRONMENT:

- 9.1 **Safety Requirements.** The contractor shall establish, administer, and enforce safety rules that will meet the current requirements of the Occupational Safety and Health Administration (OSHA), and all applicable work item references. Work to be performed under this contract shall be accomplished using the guidelines identified Contractors and Subcontractors. When necessary, work shall be coordinated with the Safety Department to ensure all safety and health requirements are considered.
- 9.2 **Safety Equipment.** The contractor shall provide their employees with all necessary safety equipment during the performance of work on this contract. All contractor personnel shall have in their possession and shall properly wear OSHA approved personnel protective safety equipment (i.e. hard-hats, steel-toe safety shoes, safety glasses and hearing protection). If required, the Contractor shall provide all appropriate safety barricades, signs, and signal lights required to properly isolate the area of work.
- 9.3 **Prior to commencing work,** the Contractor representative(s) shall arrange with the Receiving Activity Point of Contact, to meet in conference with the customer, shop supervision, and other necessary personnel to discuss and develop mutual understandings relative to the administration of the Safety Program.
- 9.4 **Environmental Requirements.** Work performed under this contract shall be in compliance with all Japanese, Navy, Federal, State and local regulations, and all work items references, pertaining to the environment at all times. When necessary, work shall be coordinated with the Environmental Department to ensure that regulations are considered.
- 9.5 **Responsibilities.** The contractor bears sole responsibility for the safety of his her employees and compliance with environmental regulations. Naval safety personnel will monitor the safety of procedures, conduct inspections of the workplace, and perform safety related investigations, evaluations. The contractor shall conduct routine inspections of work and storage areas under his

cognizance to maintain compliance with the cleanliness, material and waste management, air and water pollution controls, and provides general oversight on the environmental issues associated with this contract.

- 9.6 Situations that warrant corrective action will be brought to the attention of the contractor through the Government Representative. If violations could cause major damage or loss of life, Safety or Environmental personnel may contact contractor supervisory personnel on site and request corrective action or work stoppage. The Government Technical POC will be notified immediately. The Commanding Officer has final authority for Station safety and environmental matters. He has delegated the Safety and Occupational Health Manager the authority to represent the Command in all safety matters and to resolve any disputes which may arise, and he has delegated the Environmental Manager the authority to represent the Command in all safety matters and to resolve any disputes, which may arise. Any interpretation of the various environmental regulations will be made by the Safety or Environmental Manager.
- 9.7 Accident Reporting. All accidents occurring on Station are reported to the Station Safety Department. If accidents occur after regular working hours the Command Duty Officer, shall be notified. Motor vehicle accidents occurring on Station are reported to both the Safety Department and Security Manager. In all cases, the accident scene must be preserved until the Government investigator has authorized movement of the materials and vehicles involved. Materials and equipment may be moved only as necessary to facilitate the removal of injured persons. The contractor shall forward a copy of all accident reports involving contractor employees to the Government Technical POC. If Government property is involved, a copy of the accident report shall also be forwarded to the Government Property Administrator (GPA).

10. SECURITY:

- 10.1 Admittance to The Work: Upon contract award, employees or representatives of the Contractor may require access to the Receiving Activities Operations Area (OA) or Industrial Area (IA) and shall be admitted to the work site only after they have been issued a Security Pass/ID Badge.
- 10.2 Notice: Persons who are currently on probation or parole from a felony conviction cannot qualify for security clearances, and will be denied access to the activity.
- 10.3 It shall be the Contractor's responsibility to collect and account for all identification passes issued to their personnel at the expiration of the contract or when access is no longer required.
- 10.4 Foreign Nationals or Affiliations - Foreign Nationals (non U.S. Citizens) or persons affiliated with, or employed by, a foreign owned company will not be granted access to a Naval Activity's OA/IA, without prior written approval from Commander, Naval Sea Systems Command.
