The following have been added by full text:

The purpose of this amendment is to: Answer four (4) questions presented by vendors.

Four (4) questions and answers below:

- (1) Where and how to get the scaffolding material inside?
  - a. Scaffolding materials will probably have to be brought in from the 03 level aft, through a standard navy watertight door. It can be craned and staged on the 03 level aft.
- (2) Do you know the width and the height of the entrance for the scaffolding material?
  - a. Approximate size of opening is about 80" tall by 36" wide.
- (3) Is it possible to conduct a site survey?
  - a. Given the period of performance start date and time required to gain access, the site visit will not be possible.
- (4) Do we have to confirm with Mr. Nagata and the project manager at the time of scaffolding assembly?
  - a. All questions relating to the solicitation BEFORE award will be answered by the contracting department. After award of the contract, the technical and program management point of contacts will be provided.
