AMEND 0002

The purpose of this amendment is to respond to the following vendor's pre-quotation questions to the solicitation referenced at block 9A and B.

Question #	Question	Answer
1	paragraph 3.3.3, About the upper cabinet for desk, should it be attached to the desk below or we need to attach the upper cabinet only at the wall separately?	Required item at Maebata Safety Office, we would like to have an upper cabinet which can place above the desk and attached to the desk panel, not a wall.
2	Can you please confirm about the height of the desk panels?	We do not have specific size request, however I would say approximately 1600-1700mm from the floor to the top of the panel.
