THIS IS A SOURCES SOUGHT NOTICE ONLY. THIS IS NOT A REQUEST FOR PROPOSALS.

The intent of this notice is to identify potential offerors. The Naval Facilities Engineering Command (NAVFAC) Far East, PWD Sasebo, is currently seeking interested contractors who are both willing and qualified to provide CHT collection and treatment services to all Commander, U.S. Pacific Fleet (CPF) home-ported ships, visiting ships, and submarines (CHT at CFAS).

The Contractor would be required to provide barges for collection, holding, transfer and on-site treatment service for black water and gray-water generated from ships and submarines. The Contractor shall furnish all labor, supervision, management, tools, materials, equipment, facilities, transportation, incidental engineering, and other items necessary to provide the services at Commander, Fleet Activities, Sasebo (CFAS), Japan and outlying areas supported by this installation under CFAS, under a performance-based contract that is comprised of both Recurring Work and Non-Recurring Work Items.

The Government is contemplating issuing a Commercial solicitation in accordance with FAR Part 12. The Government is contemplating a multiple year (one year base period and seven one-year option periods) contract. The Government is also considering two different contracting vehicles, an Indefinite-Delivery Indefinite Quantity (IDIQ) or a Requirements Contract in accordance with FAR 16.5.

Please see the attached DRAFT PWS (Performance Work Statement) for a general idea of the required work.

If you are capable of and interested in performing this requirement, please complete and submit Attachment (2): Contractor Information. Please provide any comments/recommendations/questions in this form. The response will be used as market research to help determine the acquisition method utilized by the Government for this requirement.

In order to be eligible for any U.S. Government award, a contractor must register in the “System for Award Management” at www.sam.gov and have a valid CAGE code. Interested contractors are encouraged to begin the registration process as soon as possible.

If you are interested in this requirement or have any feedback or questions, please provide your contact information and responses to the three questions below:

- Company name
- Point of Contact
- Email address
- Telephone number(s)

Please submit the information to Masayo Sonoda via e-mail at Masayo.Sonoda.ln@us.navy.mil, no later than 10:00 am on 30 Sep 2026, using the subject line “Sources Sought N4008426B6300”.
