1.0 - JAPANESE CONCILIATION PROCEDURES

(a) Except as otherwise provided in this contract any disagreement arising under this contract which is not resolved by the parties to this contract may be submitted to the US-Japan Joint Committee for conciliation in accordance with paragraph 10, Article XVIII, of the Status of Forces Agreement under Article VI of the Treaty of Mutual Cooperation and Security between Japan and the United States of America. Request by the Contractor for conciliation shall be made in accordance with the procedures provided herein.

(b) In the event the Contractor desires conciliation after the decision of the Contracting Officer has been served upon him, he will first file his appeal from such findings of fact within the time limits described therein before filing request for conciliation with the Joint Committee and then request for appellate authority under the clause of this contract entitled Disputes to suspend its action on his appeal until such time as the Joint Committee has had an opportunity for effecting conciliation.

(c) The request for conciliation will be submitted by the Contractor through the nearest local Japanese Defense Facilities Administration Bureau to the Contract Conciliation Panel of the Joint Committee. Upon the filing of the request with the Joint Committee, the Contractor will immediately notify the Contracting Officer in writing that the request for conciliation has been filed.

(e) In the event the Contractor who has submitted a request for conciliation to the Joint Committee under subparagraph (b) above desires, notwithstanding the pending request for conciliation, that action by the appropriate authority under the clause of this contract entitled Disputes be resumed on his appeal, it is his responsibility to so request the said authority in writing. The Joint Committee shall be immediately informed by the Contractor of his action taken hereunder.

(f) No request for conciliation can be submitted to the Joint Committee in the case of a dispute upon which the final decision of the appropriate authority under the clause of this contract entitled Disputes has been rendered. Pending the hearing of conciliation panel the Contractor shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision. The provisions of this clause shall not prejudice any right which the parties to the contract may have to file a civil suit.

2.0 - SUPTXT204-9400(4-22) CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH INFORMATION

The security text does not apply in cases where the contractor/vendor does not have access to Navy Marine Corps Intranet (NMCI) computers, is not issued a Common Access Card (CAC) and is involved in training or other short term duties of less than 30 days duration that allow for the use of a visitor request. In these cases, the government employee must submit a Visitor Access Request (VAR) to the main gate or applicable processing entity for your facility and assume responsibility to escort those without CAC Credentials. This local text does not apply to non-United States (U.S.) Nationals (foreign nationals) who are contractor employees performing work overseas. This text is applicable to the U.S. Nationals living in the U.S. or overseas who are performing work on a Navy contract.

The investigation of a non-U.S. national at a foreign location must be consistent with a National Agency Check with Written Inquiries (NACI), to the extent possible and include a fingerprint check against the Federal Bureau of Investigation (FBI) criminal history database, an FBI investigations file (name check) search and a name check against the terrorist screening database. Also, the above cited reference notes that Foreign Nationals may not be granted CAC credentials until completion of their investigation and not in the interim.

Per Department of Defense Memorandum (DoDM) 5200.2, Department of Defense (DoD) components must initiate and ensure completion of a background investigation before applying the credentialing standards to a non-U.S. national at a foreign location. The background investigation must be favorably adjudicated before a CAC can be issued to a non-U.S. national at a foreign location. The type of background investigation may vary based on standing reciprocity treaties concerning identity assurance and information exchanges that exist between the U.S. and its allies or agency agreements with the host country.

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, IT SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD

networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Definition. As used in this clause - Military installation means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department, or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

Training. Contractor employees who require routine physical access to a Federally controlled facility or military installation shall complete "Level I Antiterrorism Awareness Training" prior to gaining access to a facility and annually thereafter in accordance with DoDI O-2000.16 Vol. 1. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I Antiterrorism Awareness Training shall be completed by:

1. Completion of "Level I Antiterrorism Awareness Training" available at <https://jkodirect.jten.mil/pdf/at11/launch.html>; or
2. Under the instruction of a qualified Level I Antiterrorism Awareness instructor; or
3. By providing a training certificate for "Level I Antiterrorism Awareness Training" training showing completion within the last calendar year.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, prior to being granted access to a Federally controlled facility or military installation.

Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial items, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

OPERATION SECURITY (OPSEC)

It is DoD policy according to DoD Directive 5205.02E, "DoD Operations Security (OPSEC) Program," June 20, 2012, as amended to establish and maintain OPSEC programs to ensure national security-related missions and functions are protected.

Training: Contractor employees shall comply with all DoD OPSEC requirements and complete "OPSEC Awareness for Military Members, DoD Employees and Contractor" training within 30 days of onboarding the contract and annual refresher training thereafter. Training shall be completed through a DoD sponsored and certified computer or web-based learning instruction available at <https://securityawareness.usalearning.gov/opsec/index.htm>.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after training is completed by all employees and subcontractor personnel.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

- a. OF-306 signed by contractor employee
- b. FD-258 Fingerprint Card (Contingent upon availability of electronic fingerprinting submission)
- c. Completed Electronic Investigation (e-QIP)
- d. All contractor employees with need for a Common Access Card (CAC) must have an active Defense Information System for Security (DISS) profile.
- e. Common Access Card (CAC)
- f. DISS Visit Request submitted (Contingent upon classification of work being performed, Confidential, Secret, Top Secret).

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM

In accordance with DON CIO Memorandum (IT LEVEL DESIGNATION ON DD FORM 2875 SYSTEM AUTHORIZATION ACCESS REQUEST) 08 September 2020, contractor employees who require access to Department of the Navy (DoN) or DoD networks are categorized as Privileged, Enhanced, or Authorized users. All user level accesses may include positions which require access to Controlled Unclassified Information (CUI). CUI includes sensitive information protected under the Privacy Act, to include Protected Health Information (PHI). IT System levels are

determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged access, (when specified by the terms of the contract) require a Tier 5 (T5) or T5R equivalent investigation, which is a higher level investigation than the Tier 3 (T3) and T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Contractors requiring Enhanced access, (when specified by the terms of the contract) require a T3, T3R, or equivalent investigation, which is a higher level investigation than the Tier 1 (T1) described below. Due to the enhanced system access, an investigation suitable for Moderate Risk national security positions is required.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy CSM and ISSM/IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM upon contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all contractor employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

INTERIM ACCESS

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

ACCESS TO CONTROLLED UNCLASSIFIED INFORMATION

Safeguarding sensitive unclassified information is critical to achieve NAVSUP Modernization efforts and deliver cutting-edge and uncompromised capabilities. The Secretary of Defense's operations security (OPSEC) campaign plan stresses the importance of protecting controlled unclassified information (CUI). CUI encompasses OPSEC, critical technology, intelligence, and personally identifiable information that, if not properly identified, marked, and controlled, could impair NAVSUP's ability to conduct its mission. Contractor employees with access to Controlled Unclassified Information (CUI) shall comply with DoDI 5200.48 - Controlled Unclassified Information (CUI) and complete DoD approved initial and annual refresher CUI training.

- a. Whenever Government provides CUI to, or CUI is generated by, non-DoD entities, all CUI records must be handled as required by the approved mandatory disposition authority.
- b. All CUI records must follow the approved mandatory disposition authority whenever the Government provides CUI to, or CUI is generated by, non-DoD entities in accordance with Section 1220-1236 of Title 36, CFR, Section 3301a of Title 44, U.S.C., and the DoDI 5200.48.
- c. Contractor employees shall monitor CUI aggregation and compilation based on the potential to generate classified information pursuant to security classification guidance addressing the accumulation of unclassified data or information.
- d. Contractor employees shall submit unclassified government information for review and approval for release in accordance with the Standard DoD Component Processes, DoDI 5230.09, and DoDM 5205.07, Volume 1.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the contractor's security representative. Within three (3) work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the contractor's security representative. The contractor's security representative shall be the primary point of contact on any security matter. The contractor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. If the Security Office validates the contractor's position is Non-Critical Sensitive or if the IT system user level is determined to be Enhanced, at a minimum, each contractor employee must be a US citizen and have a favorably completed T3, T3R, or equivalent investigation to obtain a

favorable determination for assignment to a non-critical sensitive or Enhanced position. The investigation consists of a standard National Agency Check and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or Enhanced position is required to complete:

SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)
Two FD-258 Applicant Fingerprint Cards or electronic fingerprint submission (preferred))
Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than ten (10) years) throughout the contract performance period. The Contractor's Security Representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the CSM upon the contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential or provide the required documentation shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM. Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

For classified contracts, if the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Access Request (VAR) via the Defense Information Security System (DISS). If the contractor employee does not have a current favorably adjudicated investigation, the contractor shall submit the Visit Access Request in DISS until the contractor employee has at a minimum an interim clearance. If the contract only requires access to unclassified information, even if the contractor takes a DISS "owning" role over the contractor employee, the Navy Command will also take a DISS "owning" role over the contractor employee during the hiring process and for the duration of assignment under that contract. If the contract requires access to classified information, the contractor's Facility Security Office (FSO) will take a DISS "ownership" role and the Navy command will take a DISS "servicing" role during the hiring process and the duration of assignment under that contract. All VARs requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST)) and
Must have a favorably completed NACI or T1 investigation or equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

SF-85 Questionnaire for Non-Sensitive Positions
Two FD-258 Applicant Fingerprint Cards (or the preferred method - electronic fingerprint submission)
Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

52.232-34	Payment by Electronic Funds Transfer-Other than System for Award Management. (Tailored)	(Jul 2013)
-----------	--	-------------------

Payment by Electronic Funds Transfer-Other than System for Award Management (Jul 2013)

(a) Method of payment.

(1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT (but see paragraph (d) of this clause).

(b) Mandatory submission of Contractor's EFT information.

(1) The Contractor is required to provide the Government with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information (hereafter: "designated office") by the date when the contractor submit first invoice, using EFT Form established by DFAS. If not otherwise specified in this contract, the

payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

(c) *Mechanisms for EFT payment.* The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment.

(1) The Government is not required to make any payment under this contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for-

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) shall apply.

(f) *EFT and prompt payment.* A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) *EFT and assignment of claims.* If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) *Liability for change of EFT information by financial agent.* The Government is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

(i) *Payment information.* The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.

(j) *EFT information.* The Contractor shall provide the following information to the designated office. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

(1) The contract number (or other procurement identification number).

- (2) The Contractor's name and remittance address, as stated in the contract(s).
- (3) The signature (manual or electronic, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.
- (4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.
- (5) The Contractor's account number and the type of account (checking, saving, or lockbox).
- (6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the Contractor's financial agent.
- (7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the Contractor's financial agent is not directly on-line to the Fedwire Transfer System; and, therefore, not the receiver of the wire transfer payment.

(Tailored)

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Price and Past Performance (Best Value Tradeoff) The Government will award on the basis of price unless the Contracting Officer is aware of past performance information related to the low price quote/offer which indicates that quote/offer may not represent best value. In that case, the Government reserves the right to consider the past performance of other quotes/offers, conduct a price, past performance tradeoff, and award to other than the lowest price quote/offer.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

- (1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)
